

MINICOLT 120

WRAP-AROUND LABELER

Offering superior reliability, a compact footprint, and user-friendly controls.

The MINICOLT 120 wrap-around pressure sensitive labeler is affordable, compact and accurate. It applies labels to round containers at speeds of up to 100 cpm and comes equipped with user-friendly controls for easy set-up and operation. Its stepper dispenser motor allows very accurate and repeatable labeling.

Using very little line space, packagers can add the superior reliability of the MINICOLT 120 pressure sensitive labeler to their operations. The unit will be set up and running quickly, thanks to the basic control panel.

Other value-added features include a raised bed stainless steel conveyor, reliable electronic controls and a 14" diameter label spool.

FEATURES AND BENEFITS

- Compact wrap-around labeler for round containers
- Raised bed stainless steel conveyor
- Stepper-driven label dispenser
- PLC controls
- User-friendly control panel
- 14" diameter label spool
- Drum wrap-around
- Speeds up to 100 cpm
